Summary

Value-driven finance professional with about 5 years of experience. Skilled in analysing and solving complex valuation challenges across diverse industries. Adept at managing client relationships and delivering strategic insights for decision-making

Professional Experience

Senior Valuation Consultant | Kroll Advisory (f.k.a. Duff & Phelps India) | Delhi

Aug 2021 – Mar 2026

Promoted twice in 3 years to lead and execute business valuations, complex securities valuations, and portfolio valuations for clients across multiple industries.

- Assisted a leading fintech company (USD 250 million revenue) across multiple finance and strategic decisions, including share swap analysis to support its internal restructuring for listing in India; equity and employee stock valuations for financial reporting.
- Managed end-to-end valuation engagements for a leading AI contract management company (USD 60 million revenue) across strategic transactions, financial reporting, and investor-related initiatives, including equity valuations and financial assessment of acquisitions.
- Advised a financial services company (USD 1.5 billion net worth) on its acquisition of a global fund administration business, including analysis of the target's financial information, valuation of tangible and intangible assets and earnout consideration.
- Managed the portfolio valuation of a distressed asset fund (USD 150 million AUM), coordinating a team of 6–7 professionals and serving as the primary client liaison.
- Managed portfolio management and valuations for a Mauritius-based investment fund invested across 6 Indian companies. Monitored their operational and financial performance and prepared quarterly investment updates.
- Built financial models to estimate management fees, success fees and distribution waterfalls for various funds and companies.
- Assisted in the valuation of airport assets of one of Asia's largest private airport operators to support debt restructuring across multiple operating entities.
- Executed the acquisition accounting for a listed pharmaceutical company (USD 12 billion net worth) by valuing acquired tangible and intangible assets, including distribution networks, developed products, and in-process R&D.
- Performed valuation analysis of a leading healthcare provider (USD 650 million revenue) and prepared an expert witness valuation report to support an ongoing litigation.
- Supported multiple acquisitions undertaken by one of the largest listed IT companies (USD 45 billion net worth) by valuing acquired intangible assets and liabilities, including technology, customer, brands, and deferred revenue.
- Supported the finance teams of various clients during reporting cycles by addressing auditor and investor queries, along with providing ongoing valuation advisory on complex technical matters.

Education

Bachelor of Management Studies (BMS) (Finance) – Shaheed Sukhdev College of Business Studies, Delhi University | Delhi

Accomplishments and Awards

- Secured first place among 119 competing teams in the IIM AVericks Challenge 2026, a business idea competition at IIM Ahmedabad.
- Secured early promotion to senior consultant (3 years' experience vs 5 years' average experience) due to my better performance in various projects and ability to directly handle clients and lead engagements.
- Among the top-rated employees (in a team of 15 employees), secured a rating of above 4 (on a scale of 1 to 5) in the annual performance review for the last 3 years for exceeding the expectations of the senior management in multiple projects.
- Started leading client engagements as a consultant (1.5 years' experience), which is normally done by a senior consultant (5 years' average experience).

Co/Extra-curricular

- Member - Beta – The Finance and Investments Club of IIM A and Speaker Series Committee, IIM A.
- Volunteered for social services activities organised by Kroll Advisory. Participated in plantation/donation drives, visited slums to distribute sanitary napkins to 150+ women and visited government schools to set up their libraries and paint the school walls.
- Founder - International Relations Cell of Shaheed Sukhdev College of Business Studies - Facilitated sessions in collaboration with the University of Edinburgh, Columbia Business School, KEDGE Business School, and IE Business School. Organised international competitions, such as the Hult Prize Competition and the Delhi Mock Crypto-Trading Challenge.
- Member - Kartavya – Social Service Forum of Shaheed Sukhdev College of Business Studies and Grandeur, the Consulting Cell of Shaheed Sukhdev College of Business Studies.
