Summary

Consultant with 6 years of experience advising **Fortune 500 clients** on growth, commercial strategy, and multi-billion-dollar investment decisions. Expert in **shaping executive decisions** through market analysis, competitive benchmarking, and data analysis, with a track record of **leading cross-functional engagements** and generating ~\$1M in consulting revenue. Recognized for impact and leadership with **S&P Global Kudos, Bechtel Personal Performance Award**, and eight **Leader+ Awards**.

Professional Experience

Consultant | S&P Global | Gurgaon

Dec 2022 – Apr 2025

- Led **long-term outlooks** and **monthly forecasts** for a major energy client, synthesizing pricing, supply-demand, macro trends, and expert insights across global markets to guide **commercial strategy** and multi-billion-dollar **investment decisions**.
- Managed end-to-end **consulting projects** for a strategic Middle Eastern client, overseeing RFPs, proposals, contracting, and delivery to **secure ~\$1M** in new business and strengthen client relationships.
- Designed and implemented a market-assessment **dashboard** that streamlined margin and market trend tracking, enabling data-driven product and market-mix decisions for a leading Middle Eastern energy client.
- Conducted a global lubricants **market entry assessment** across 8 regions, evaluating market size, industry trends, and competitive dynamics to identify priority geographies for a top oil major.
- Led a cross-country assessment of **defense sector** dynamics across 15 markets, covering national budgets, procurement priorities, policy shifts, and geopolitical risks, to define priority regions for a global EPC client's **market entry** strategy.

Process Engineer (GET → Engineer I → Engineer II) | Bechtel Corporation | Gurgaon

Jun 2019 – Dec 2022

- Engineered design packages, coordinated global stakeholders, and managed schedules for four **multi-billion-dollar energy projects** in North America, ensuring **on-time, zero-defect project delivery**.
- Optimized the **strategic roadmap** and transition phasing for a leading Indian oil & gas client's multi-billion-dollar **fuels-to-chemicals transformation**, supporting investment decisions and a long-term **transition strategy**.
- Evaluated business **growth opportunities** for the **internal strategy team** by integrating market research, competitive intelligence, and expert insights; delivered executive-level findings to inform **corporate planning**.
- Redesigned refinery steam pipeline insulation and conducted a **cost-benefit analysis** for a leading Indian oil & gas client, enabling ROI-driven **investment decisions**, improving energy efficiency, and reducing operating costs by **~\$800K annually**.
- Developed internal **strategic reports** on emerging **energy transition** technologies (carbon capture, biofuels, petrochemicals), evaluating key players, technology maturity, and competitor strategies to inform **leadership decisions**.
